Individual Excellence Award

Innovation in Leadership Award

OVERVIEW

The *Innovation in Leadership Award* celebrates a visionary leader who has demonstrated exceptional ability to drive innovation within their organization or industry. This award recognizes individuals who challenge the status quo, embrace creative thinking, and implement innovative strategies that lead to measurable impact. The recipient will be someone who not only leads but also inspires transformation and cultivates a culture of continuous improvement and future-focused thinking

..

ELIGIBILITY

- Open to individuals in leadership positions (executives, directors, founders, etc.) across all sectors.
- Nominee must have held a leadership role for at least 12 months at their current organization.

QUALITATIVE CRITERIA

- Clear articulation of the innovative idea(s) or initiative(s).
- Evidence of bold and forward-thinking leadership.
- Demonstrated ability to overcome resistance or challenges to innovation.
- Fostering a team or organizational culture that encourages experimentation and creativity.

METRICS

JUDGING CRITERIA
